

COACHING

Social Media - \$200.00 per month for established accounts. \$350.00 for building accounts from scratch.

A decade ago the term 'tweeting' was reserved exclusively for our feathered friends. If you don't know your way around social media it's okay! You're not alone. With this 1 – 2 month training program we take you through various social media platforms and teach you the etiquette, interactivity, and frequency you'll need to navigate the treacherous pathways of our ever-changing online social jungle.

The Book Mentor Program - \$300.00 per month

The task of writing a book is like running a marathon . . . without water . . . being chased by wolverines . . . while juggling . . . It's difficult during the race, but very satisfying to find you're still alive at the end.

It's during the 'race' that we can help. This all-inclusive program pairs you with a 'Book Mentor', who will keep you on the right track while you write your novel. This program is customizable to fit your genre and writing style. Think of it as a one on one mentoring program that includes weekly check-ins, goal setting, milestones, feedback, and guidance.
